

EAST MEAD TOWNSHIP BUILDING GARAGE - MEADVILLE, PA

PROJECT DESCRIPTION

East Mead Township required a superior reinforcement for a slab-on-ground application for a garage in Meadville, PA. After considering various reinforcement methods, project specifiers decided to use FORTA-FERRO[®] to reinforce the slab. The project's 240 sq. ft. slab required 1,440 lbs. of fiber reinforced concrete which was **easily mixed and tailgated**. The use of FORTA-FERRO[®] will help to **reduce cracking for the entire slab-on-ground, creating a superior finish and durable surface**.

KEY POINTS

- Reduced Cracking
- Mixed and Pumped Easily
- Cost Effective

DETAILS
