

PROLOGIS - BETHLEHEM, PA

PROJECT DESCRIPTION

The warehouse facility in Prologis Park chose to use FORTA-FERRO[®] to replace traditional methods of steel reinforcement, **saving the owner time and money**. Placing steel reinforcement in such a large facility is costly and time consuming. The ready mix producer was extremely pleased with **how easily FORTA-FERRO[®] mixed** within the concrete and **how well it finished** when applied.

KEY POINTS

- Mixes Easily
- Superior Finish
- Saves Time and Money
