

RESERVES AT SOUTHPOINT - CANONSBURG, PA

PROJECT DESCRIPTION

Reserves at Southpoint needed an **easy to use and cost-effective reinforcement method** for their condominium floors and their resident garage floors. The complex owners chose to use FORTA-FERRO[®] for their slab-on-ground applications due to its **superior durability, ability to reduce cracking, and ability to easily mix, place and finish extremely well.** FORTA-FERRO[®] was chosen as an alternative to traditional steel reinforcement, resulting in **much lower project labor costs.**

KEY POINTS

- Reduced Cracking
- Easy to Mix and Place
- Superior Durability
- Reduced Costs
