

## MUNICIPAL GARAGE - MENOMONEE FALLS, WI

### PROJECT DESCRIPTION

FORTA-FERRO<sup>®</sup> replaced two layers of W2.9 wire for the City of Menomonee Falls Municipal Garage in Wisconsin. The 7" thick **fiber reinforced slab-on-ground for a garage used to store heavy maintenance vehicles**. FORTA<sup>®</sup> team members helped project specifiers to **easily convert steel to fiber** for the project designs after they decided that the **benefits of using FORTA-FERRO<sup>®</sup> outweighed that of steel reinforcement**.

### KEY POINTS

- Reduced Cracking
- Mixed and Placed Easily
- Cost Effective
- Superior Finish

### DETAILS
