

BUNGALOW FLOOR - AYER KEROH, MALACCA

PROJECT DESCRIPTION

The owner of a bungalow in Ayer Keroh, Malacca, desired polished concrete floors for their home. The slabs were in need of a superior reinforcement method that would control cracking and shrinkage issues. FORTA-FERRO was chosen to reinforce the concrete floors due to its **cost-effective ability to reduce cracking** and **control shrinkage issues**. FORTA-FERRO is also known for its **excellent finishing ability**, which was also of paramount importance due to their desire for polished concrete floors.

KEY POINTS

- Reduced Shrinkage Cracking
- Excellent Workability
- Superior Finish
