

RIDGEVIEW RESIDENCES WALKWAYS - MALAYSIA

PROJECT DESCRIPTION

For this project, FORTA-FERRO[®] was used to reinforce multiple concrete walkways at Ridgeview Residences, a newly developed residential community consisting of 3-story bungalows in the city of Kajang. The concrete walkways were 2" thick and required **long-term durability, superior shrinkage control, and an extremely successful post-crack performance** - all of which FORTA-FERRO[®] can address. Owners were happy with how **easy it was to work with FORTA-FERRO[®]** and the **superior finish the fiber provided**.

KEY POINTS

- Reduced Cracks
- Shrinkage Control
- Mixed and Pumped Easily
- Superior Finish
